**EXHIBITOR NUMBER, NAME, CLUB, CLASS, AND SPECIES MUST BE
PRINTED LEGIBLY ON THE FRONT COVER OF THE MARKET
LIVESTOCK RECORD BOOK.**

Records are due to the Dickinson County Fair Office no later than September 1, 2011

IMPORTANT: Record book must be turned in to be eligible to sell the animal at the Dickinson County Youth Livestock Auction. Books will be handed out to leaders before the last day of fair. WHY KEEP RECORDS?

By keeping records you will be able to see how much progress you make as you set goals and work to accomplish them.

Good records will:

- help you learn about animals, their rate of growth, the feed they require, the cost of the feed they require, their habits,
- help you understand your project's financial outcome,
- improve your management practices,
- give you a record of your project activities, and
- help you plan future projects.

This record for beginner (9 - 11 years old) animal project members is a required part of your project and entry into the DICKINSON COUNTY Fair Market Livestock Show and Sale. You need to submit one copy of a record book for each of the following market livestock projects you participate in: beef, sheep, goat and swine. This record book must be turned in at the Dickinson County Fair Office by September 1, 2011.

PLEASE PRINT OR WRITE CLEARLY. The record book must be completed by the exhibitor. Each page is taken into consideration by the judge(s) for accuracies, neatness, cleanliness, completion and understanding of project.

If you have questions or need help on this record book, please contact your leader, parent/guardian, or County MSU Extension Office.

This record book has been completed to the best of my ability.

THIS IS MY PROJECT ANIMAL:

Ear Tag Number	Sex	Breed	Date Acquired	Final Weight

NOTE: The final weight can be determined by tape measure or scale at home or at the fair. This can allow the exhibitor to complete record book prior to the fair.

My estimated project income:

$$\frac{\text{Market Price}^*}{\text{Final Weight}} \times \text{Final Weight} = \text{Total Expected Income}$$

*MARKET PRICE - is the price you would receive under normal sale conditions (such as an auction sale yard). These prices are published in agriculture newspapers, magazines, or TV and radio farm reports, and the Internet.
